If we already have any receivables, both due and unpaid, they can be paid at once from the basic information page by clicking on the RECHARGE and PAY OUTSTANDING DEBT icon.

Select the option you want to pay from the following menu. You can select both at the same time.

After clicking on the CHARGE button, the window shown below will open.

Example of account top-up:

The screenshot shows a web interface for charging an account. At the top, there is a dark blue header with a logo on the left, and 'Account' and 'Accommodation' dropdown menus on the right, along with a 'LOGOUT' button. The main content area is titled 'CHARGE ACCOUNT'. It contains two input fields: 'Amount:' and 'To pay:', both with '550' entered and 'Kč' as the unit. Below these fields is an orange 'CHARGE' button. At the bottom of the form, there are logos for Mastercard, Mastercard SecureCode, VISA, and Verified by VISA. A dark blue footer at the very bottom contains a 'HIDE PANEL' button on the left, and 'CONTACTS' and 'LANGUAGE' buttons on the right.

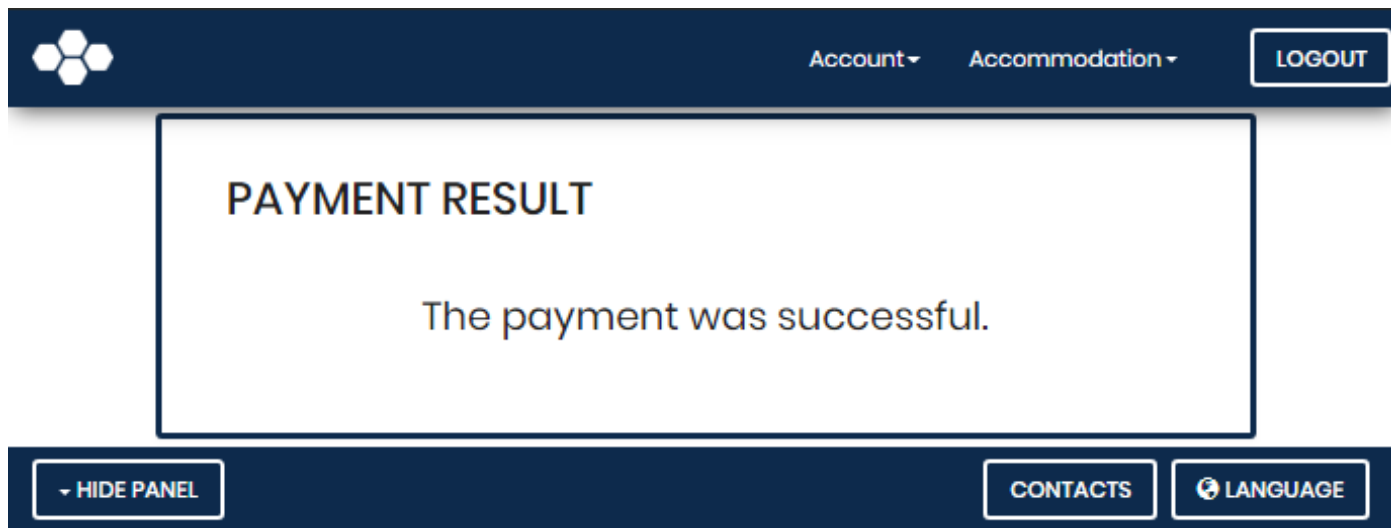

A sum that matches your selected category/categories of claims you ticked will be pre-filled in the Sum box. Of course, you may change the amount to any amount you wish.

If you agree with the amount to be paid, click again on the charge button. You will be immediately redirected to a payment gateway shown right.

In the Gateway (GoPay), you may then choose what form of payment you prefer from among the various options. After selecting your preferred payment method and subsequently remit payment (it has been confirmed) you will be redirected back to your account in the ISKAM4 accommodation system where will see the following announcement:

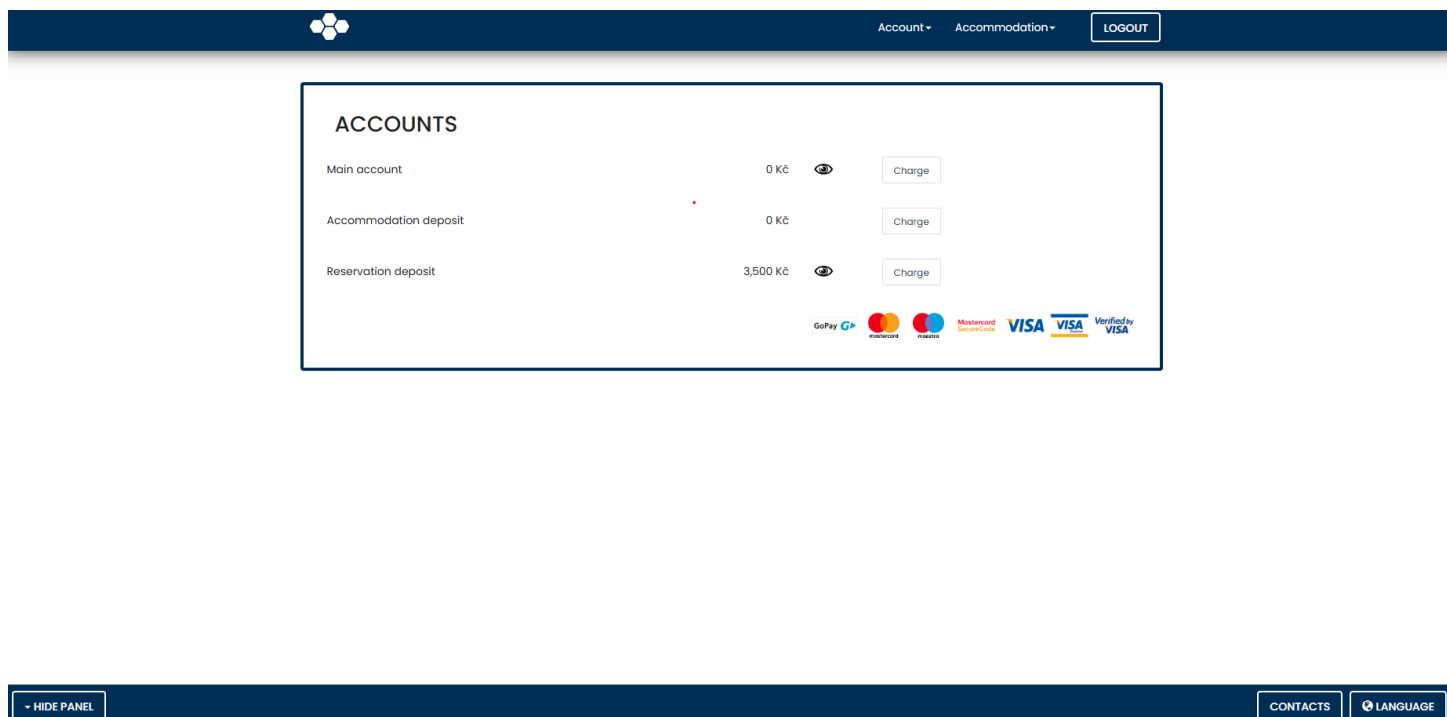

The screenshot shows a modal window titled 'Recharge and pay outstanding debts' with a close button (X) in the top right corner. Inside the modal, there are two checked checkboxes: 'Pay overdue debts' and 'Pay outstanding debts before maturity'. At the bottom right of the modal is an orange 'CHARGE' button.

The screenshot shows the GoPay payment gateway interface. At the top, there is a 'GoPay' logo and links for 'Security' and 'Language'. Below this is a 'Change payment method' header with a close button (X). The main area has two tabs: 'Payment' (selected) and 'Order'. Under the 'Payment' tab, there is an email field with 'your@email.com'. Below that are fields for 'Card number' (with VISA and Mastercard logos), 'Expiry date', and 'CVC'. There is also a 'Remember card' toggle switch. At the bottom is a large blue button labeled 'Pay 558.25 Kč'.

The “Basic data” homepage will no longer show any outstanding claims. If all claims were selected and settled, the page will no longer show an outstanding list.

A summary of your payment history is available in the ACCOUNT section.

Should you experience any problems with transferring funds via your selected payment method, kindly contact us immediately at: iskam@suz.cvut.cz or ubytovani@cvut.cz (only in Czech or English language).

Respectfully
